I am also very doubtful if copies will be bought though I am aware that there is a heavy demand here for copies, supply being free! These Art Calendars were introduced by the late Mr. Yates some years ago to demonstrate the capability of the Govt. Press to do art printing. I do not see any reason why the practice which is an expensive one should be kept up in these days of retrenchment & economy. If it is to continue I shd limit the output to, say, 100 copies. CHIEF SECRETARIAT

10 JAN 1922
MILITARY AND
MISCELLANEOUS

To

S. Hiriannaiva. Esq.. M.A., B.L.,
Secretary to Government, General Department,
Bangalore.

Sir,

With reference to G. O. No. G. 17761-820/P. &. S. 68-20-8 dated 14th March 1921, re: the printing and distribution of Art Calendars, I have the honor to report that 400 copies of the calendar for 1922 were printed and distributed in accordance with the instructions laid down in the above G. O., with the exception that only the offices of the Heads of Departments and Colleges and important high schools have been supplied with copies, as the description noted in clause (4) of para of the G. O. is not definite and every Government Office however small or unimportant would deem itself entitled to a copy and the supply to all Government Offices and Public Institutions would require the printing of many more copies than is prescribed in the G. O.

I appen hereto a list showing the distribution of the copies of the calendar for 1922 from which it will be seen that even with the most strict adherence to the Government Order nearly 100 copies over the number laid down by Government are necessary, 50 for meeting the actual demand and 50 for being kept as usual as a reserve at the Central Press, Bangalore, and the Branch Press, Mysore, to meet ~~urgent~~ emergent demand

from the Government and the Palace respectively. I have been able by strict supervision in the distribution, the adjustment of a few printed extra copies here and there, and by other manipulations, to cope with the year's demand

But I would beg to bring to the notice of Government that the number prescribed by the G. O., viz., 400, is inadequate and that it may be raised to 500 which is the minimum required for satisfactory distribution. I beg also that a definite ruling may be laid down re: the Offices, Colleges, Schools and Public Institutions to which copies should be distributed as per clause (4) of para 1 of the G: O. referred to above.

4 In this connection I beg to again urge upon the consideration of Government, the desirability of making the Art Calendars available for sale to the public whereby the printing ~~the printing~~ of the calendars can be made self-supporting and a satisfactory distribution of copies ensured. I beg to suggest that 1000 copies may be printed and the free supply may be ~~re~~restricted to 500 and the remaining 500 copies sent to the Book Depot for sale to the public at Re: 1/- or even annas 8 per copy, so that the sale proceeds may ~~be~~ meet the cost of printing the copies of the calendar.

I have the honor to be,

Sir,

Your most obedient servant,

Sd/- A. Ramachandra Rao

In view of the need for economising expenditure Government see no reason why the practice of printing art calendars in such large numbers for free distribution, which is rather an expensive one, should be kept up and direct that the number of copies to be printed be limited to one hundred only.
